## Military Credit Mapping Summit

September 26, 2017

### Preparation and Resource Materials

#### Before the workshop day:

- Practice searching the Military Guide: <http://www.acenet.edu/news-room/Pages/Military-Guide-Online.aspx>
  - Search for the training course with this ACE ID Number: **DD-0504-0024**. We will be working with this example during the workshop.
  - Use other search features (such as service branch, year, occupation, or academic discipline) to explore the guide.

#### For the workshop day:

- Bring your questions about the ACE review and recommendation process, the Military Guides, or the Joint Services Transcript. We will share those questions during the day and hope to address many of them in the training.
- Bring your laptop or other electronic device and information on curriculum, program learning outcomes, course descriptions, degree program requirements, and assessment tools. We will practice “mapping” ACE credit recommendations to courses and programs.

#### Here is a recommended list of resources that can provide additional information on the ACE Military Guide and how to use the JST.

- To familiarize yourself with the Joint Services Transcript (JST) and the Military Guide, follow these links:
